

15th Annual Beef Solutions Bull Sale
September 24, 2020 • 1 p.m.

Selling **185 Performance Angus & SimAngus™ Bulls**
25 Replacement Heifers
Ione, CA

Circle Ranch **BR** *Bruin Ranch*

“The only *luxury* perm
is that of having *good*

mitted the **RANCHER**
cattle.”

- Tom Lasater

For the past 15 years, we have been committed to bringing the very top-end of our program - *exceptionally good cattle* - to you and this year is no different. The number of sires we use is shrinking and the consistency of bulls is strong. Variety is not the spice of life when breeding cattle. Our commitment to creating larger sire groups helps remove the guess work for you.

The industry seems abuzz about the direction of genetic improvement. If you ask a group of cattlemen to define beef cattle improvement, you'll likely get as many opinions as you will folks surveyed. We see the future quite simple and the direction of our herd is clear:

- Produce the most pounds our environment will support.
- Optimize our total cowherd performance through consistency.
- Use sires of proven maternal lineages for predictable maternal performance and efficiency.
- Produce profitable, problem-free females that leave a lasting impact for generations.
- Use EPDs and Genomics as tools to compliment, not replace, phenotype and actual production in our genetic selection.

These goals have been developed by raising livestock alongside our customers and listening to YOU. Every time we talk to commercial cattlemen we are listening and developing a plan of what our genetics will look like in the future. Interestingly enough, most commercial cattlemen and women are saying the exact thing we have been observing in our own operations.

Our commitment to customer satisfaction starts with our genetic selection and at the Beef Solutions Bull Sale, you will find sires that have been hand-picked, by us, from all over the country. Many of the reference sires have been raised and developed by us to thrive in this foothill environment. For us to use a sire, he needs to check all of the boxes that directly affect our cow/calf customer base. These new sires represent cow families that are fertile, great footed, problem-free and possess the “Beef Solutions look” that you have come to expect.

ALLIED
GENETIC RESOURCES

Fellow Cattlemen and Valued Customers,

To our repeat customers, we humbly thank you for your loyalty and commitment to the Beef Solutions team, it is a pleasure to serve you year after year. If you are new to our sale, welcome and thank you for considering us a source of genetics for the future of your program.

For the past 14 years we have been committed to providing a consistent, quality set of bulls that are from a cowherd that lives and works in an environment similar to yours. Each generation we improve the accuracy of adaptability by stacking more cattle into the pedigrees that have proven to work within our rangeland. Oftentimes, you will see we use our own bulls, these bulls are collected and used artificially along with the other sires we choose.

Sire selection is one of the most important and detailed events of our production year. Each year, we find new ways to add fresh genetics to our operations, but the bulls and their dams must follow the same genotype and phenotype that our herds demand and commercial customers deserve.

There are lots of questions circling right now with respect to what a "new normal" will look like in this great country. We are proud to announce that not much has changed in Agriculture. Ranchers still strap their boots on each day, continue to work and don't plan on changing this anytime soon. Rest assured, we have added in some safe guards to our sale day setting to minimize exposure. If you are uncomfortable attending in person, we will have plenty of time to view the bulls ahead of the sale, contact either one of us for a personal appointment. We have also have contracted with **Superior Click to Bid**, an easy to navigate online platform to help make remote purchasing simpler. If you would rather be on the telephone, we will have a bank of phones available. Call Tim or Joe and we will make sure you are taken care of.

We plan to see you at the Ranch in Ione
Thursday, September 24th. Plan to arrive
early to allow plenty of time to view the bulls.

*Win a
**FREE
Bull!***

See page 32 for details!

September 24, 2020 • 1 p.m.

BID IN CONFIDENCE

All sight unseen purchases guaranteed.

Hotel Accommodations:

Comfort Inn, Galt, CA (209) 744-7800
 Holiday Inn Express, Jackson, CA (209) 257-1500

Sale Site: The sale will be held at Circle Ranch in Ione, CA. See map on back cover.

Herd Health: All bulls in the sale have been Anaplas vaccinated and have been tested free of BVD persistent infection. Health protocols available from either producer detailing the timing and brand names of vaccinations and worming upon request.

Semen Testing: All bulls selling have passed a rigid semen test and fertility evaluation by an accredited technician.

Retained Semen Interest: The Beef Solutions breeders are retaining one-third semen interest on all bulls selling in the sale, unless stated otherwise. Buyer receives possession and full salvage value on the bulls.

Supplemental Information: A supplemental sheet, with complete up-to-date performance information on all bulls, is immediately available from either producer. All performance information is available sale day in hard-copy form, this sheet and any announcements from the block will take precedence over the printed material in the sale book.

Angus Genetic Information: All potential carriers for known genetic conditions: AM, NH, CA, M1 and DD have either tested free or are excluded as possible carriers by pedigree.

Bid and Buy Online: This sale will be broadcast through Superior Production's Click-To-Bid internet service. For details about how to participate, turn to page 33.

SIMANGUS™ BULLS: Lots 1-111

ANGUS BULLS: Lots 112-186

REPLACEMENT HEIFERS: Lots 187-214

 Matt Macfarlane, *California Cattleman Magazine*..... (916) 803-3113

Livestock Insurance: An agent is available sale day to facilitate any insurance needs you may have. Please see Joe for details.

Bull Delivery: Free delivery in California and adjoining states up to 300 miles. All deliveries are made at the buyer's risk. Take \$100 off the purchase price for every bull hauled home sale day.

Hospitality: Refreshments and food are available on Wednesday afternoon and all day on sale day.

Bull Guarantee: All bulls selling have passed a Breeding Soundness Exam prior to sale. To insure your investment, the Beef Solutions Team will guarantee all bulls against breeding injury, and to be sound breeders for the first breeding season. Breeding Season is defined as the 90-day period following the first turnout of bulls. If a problem arises, contact us immediately and we will provide a replacement bull if available, or if the buyer prefers, credit toward a bull will be given for the upcoming sale, less salvage value of the injured bull. Notification of an injury or problem PRIOR to bull being sold for salvage is required for the actions of the guarantee.

Terms & Conditions: All purchases are to be settled for SALE DAY unless prior arrangements have been made. Cattle will all sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf).

Disclaimer: The Beef Solutions Breeders and Circle Ranch assume no liability for accidents or injury that may occur. Attend the sale at your own risk.

Photo Credit: Special thanks to Logan & Stevie Ipsen for bull photos; Savannah Molina for bull and landscape photos; Rick Raef at Working Ranch Photography, and Justin Kilgore for landscape photos.

Catalog designed by **Strommen Livestock Services**
 Fort Rice, N.D. • (701) 445-2020

The *Beef Solutions Team* will once again offer the user-friendly toolbox in this year's sale book to help you in your buying decisions. Below the pedigree and genetic information, we've listed percentile rankings within breed and labels for individual outliers for particular traits.

Additionally, we're providing a toolbox that identifies different solutions (for Angus and SimAngus™). This reference is helpful to quickly find sires that can provide a specific service – like breeding heifers or improving carcass and performance – in your calf crop.

ANGUS BEEF SOLUTIONS

- **CALVING EASE SOLUTION** - A tool to consider when selecting heifer bull candidates. Bull has a 1.4 Birth Wt. EPD or less and a Calving Ease Direct (CED) EPD in the top 40% of the breed.
- **PERFORMANCE SOLUTION** - Bull ranks in the top 50% of the breed for his Weaning Weight and Yearling Weight EPDs.
- **\$EN SOLUTION** - Bull ranks in the top 50% of the entire breed for \$Energy.
- **\$W SOLUTION** - Bull ranks in the top 50% of the entire breed for \$Wean.
- **GROW SAFE** - Complete Growsafe Feed Efficiency data available on all Angus bulls upon request.

SIMANGUS™ BEEF SOLUTIONS

- **PERFORMANCE SOLUTION** - Bull ranks in the top 50% of the breed for his Yearling Weight EPDs.
- **ALL PURPOSE SOLUTION** - Bull ranks in the top 50% of the breed for his All Purpose Index.
- **STAYABILITY SOLUTION** - Bull ranks in the top 50% of the entire breed for Stayability EPD.
- **MATERNAL CALVING EASE SOLUTION** - Bull ranks in the top 50% of the entire breed for Maternal Calving Ease EPD.
- **MUSCLE SOLUTION** - Bull ranks in the top 50% of the entire breed for Yield Grade and RibEye Area.

GRATITUDE • *Thankfulness* • APPRECIATION

Thank you!

COMMERCIAL CATTLEMEN
are the **backbone** of our operation and
the **foundation** for everything we do.

We are proud to count our loyal
customers
as partners and friends and we are
humbled to welcome new customers.

We will work to earn your repeat
business, your trust and your
friendship for years to come.

Calirformia's largest supplier of SimAngus™ bulls!

Bull Development

This is our second year developing our bulls at home and the only changes from our first year is we added two additional large pens in a rolling oak woodland area to again assure the bulls have plenty of shade and room to roam. The larger pen sizes gives the bulls a better chance to travel, stay loose jointed, athletic, and better prepared for turn out day . Our ration which includes nearly 50% haylage from our own irrigated pastures, helps us reach our goal of a slower more consistent rate of gain that we feel extends the years of service of the bulls for our customers. Again on sale day you will notice the bulls that are slightly lighter in weight and condition but are freer moving and more athletic and will not lose as much weight during the breeding season. Because the bulls are right here at home they are available for viewing any day from May until sale day.

**“It has never been
easier to market
SimAngus™ Sired
Feeder Cattle”**

*Feeders and packers across
the country are turning to
SimAngus™ sired calves to
improve yield grade and
growth, along with fewer
health problems.*

Circle Ranch

Environmental adaptability is one of the most important breeding goals at Circle Ranch. Cows should work for their owners, not the other way around. We run our cows in a similar fashion to the majority of our customers to help ensure they will work in a variety of environments and promote profitability. That, too, is part of the reason we harness the power of heterosis to create a more durable genetic product capable of breeding and lasting longer regardless of the environmental challenges posed. We absolutely have a herd target for mature size that we think best fits the majority of our customers and the larger beef industry. The lions share of our bulls hit that target dead center and many of our customers prefer them. On the edges however you will find genetics here that can produce power house performance for higher resource situations as well as some lines created to minimize maintenance requirements for low-input regions.

Photo credit: Savannah Molina

Lot 1 • Circle The Bases G83

Lot 3 • Circle The Bases G66

Circle the Bases - Circle The Bases was purchased in our 2018 sale by Bell Cattle Company in Petaluma Ca. Sired by Circle Old School and out of our donor dam W11 he has risen to the top of the 45 bull calves W11 has produced to date. Lots 1 through 16 are the first progeny of Circle The Bases and the data show his sons can be used to improve yearling weight, Stayability, and red meat yield. Nearly every daughter is in our replacement pen and have a feminine look.

TJ Franchise 451D -
When we toured Triangle J ranch in 2019 the Franchise sons were the most impressive sire group there. Rapidly becoming one of the most used SimAngus bulls in the industry his sons are heavy muscled but still maintaining eye appeal and the daughters can be described the same way. He is the first Cowboy Cut son we have used and his Net Worth dam seems to be the right combination to make ideal SimAngus halfbloods.

*Circle Power
Grid D63*

D63 sold in our 2017 sale to Ron Gilliland and we felt he was just too good to not use. His sons are powerful but still smooth made and have logged some of our heaviest weights this year. All of his daughters made our replacement pen and have that brood cow look.

KBHR D010 - D10 was purchased from Kellers Broken Heart Ranch in North Dakota in 2017. Sired by CCR Gravity, one of the top female producers in the breed, D10 was the first calf raised by B120 a Cowboy Cut X Net Worth that we feel is the top Female in the Keller program and is why we purchased a flush from her to be placed this fall. Heavy muscled and extremely deep bodied D10 holds his flesh remarkably well under any conditions and it looks like his sons will be the same way. Sire of Lots 40-42 and 46-56.

KBHR B120 is the
Dam of reference
sire KBHR D010

Circle Old School

In 2013, we made an agreement with Tom Hook of Hook's Farms in Tracy, Minn., to flush one of his high-valued Simm-Influenced females that fits our program to a tee: Hook's Extravaganza 7X, a moderate, deep-bodied GW Lucky Man daughter with excellent foot and udder quality. We mated her to the maternal great Leachman Right Time. The mating produced our 2015 high seller: Circle Old School B62 that went to our cooperators, Wang Ranch of Baker, Mont. Wangs have AI'd more than 800 cows to Old School, who has become a cornerstone of their program. Old School sires high-value females, as well as stout, heavily muscled bulls.

We harness the **POWER OF HETEROSIS** to create a more *durable genetic product* capable of **BREEDING** and **LASTING LONGER** regardless of the *environmental challenges posed*.

3C Pasque 4331B

Raised by John Christensen in South Dakota, 3C Pasque is a Purebred bull we selected to use on cows with a higher percent of Angus blood. We felt his moderate frame, smooth look the ability to produce daughters with outstanding udders was the perfect compliment to our high percent Angus females.

Beef Solutions Benefits

- First breeding season guarantee
- Large Sire Groups in Volume
- Free Delivery in California and adjoining states up to 300 miles
- Free Bull Drawing at the conclusion of the sale
- Year round customer service and marketing support
- Cowherd run like commercial cattle on range in the Foothills
- Family owned, Family managed
- Sight unseen satisfaction guaranteed
- Phone, Internet and In person purchasing options

Win a FREE BULL!

Immediately following the conclusion of the sale, there will be a drawing for a **FREE BULL**. After the gavel drops on the final bull, we will draw a lot number from a pot and that bull will be given a credit towards the purchase price equal to the final sale average. If the bull selected is less than the average, then the bull is FREE with no cash compensation.

Previous FREE BULL winners:

2007	Gary Silva Sr., Herald, CA
2008	Lazy JT Cattle, Shandon, CA
2009	Andy Bonham, Paloma, CA
2010	Brennan Cattle, Oakdale, CA
2011	Jeff Jacobson, Wilton, CA
2012	Dean & Karen Wang, Baker, MT
2013	Ron Gilliland, Dixon, CA
2014	Jeff Gookin, Oakdale, CA
2015	S&H Cattle, Lompoc, CA
2016	Matt Fischer, Valley Springs, CA
2017	Bell Cattle, Petaluma, CA
2018	Jackson Rancheria, Jackson, CA
2019	Greg Ramelli, Protola, CA

Congratulations to Greg Ramelli, center, on WINNING A FREE BULL in 2019!

Thank you to these fine sponsors for this generous donation!

How to PARTICIPATE as an ABSENTEE BUYER

Our absolute favorite part of sale day is visiting with you in person! However, we recognize that with this year's unique public health situation, some of you may feel more comfortable to purchase your next herdsire from the comforts of home. **This is why we have also made preparations for bidding by phone as well as bidding through Superior Productions' "Call or Click-To-Bid" service.** Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com.

HERE'S HOW IT WORKS

Turn in Bids Over the Phone. This is our traditional method of buying livestock. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 3783380 with a signature on it, or scan and email the form to info@superiorauction.com. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid. This is Superior's online bidding platform for cattle buying. Please note that high speed internet is required – this is not for dial-up or satellite internet. Registration is free, but you must become a member of www.superiorclicktobid.com to sign-up.

Becoming a member is easy - just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction. There are 2 places to view the sale broadcast live on the internet:

- www.superiorlivestock.com, or
- www.superiorclicktobid.com.

Just go to the home page of either website and select the auction. If you just want to watch the auction on your computer, smartphone or tablet go to www.superiorlivestock.com, but if you want to bid over the computer you must go to www.superiorclicktobid.com. Remember you can call in to bid on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid". Your computer must have Flash Media Player installed for this website to view the auction. If you have any questions, please call the Superior Productions office at 800-431-4452.

***If you plan to bid by phone through Superior Livestock or 'Click-to-Bid', you must register at www.superiorlivestock.com prior to bidding.**

SimAngus™ Seedstock

Tim & Jill Curran

(209) 765-1815 • (209) 765-0450

Joe Fischer, cow herd partner

(530) 392-0154

RANGELAND RAISED • *Environmental Adaptability* • *V*

— BR Bruin Ranch —

The heart of our program is building a cowherd to work within our western rangeland environment that leave commercial cattlemen and women with replacement females that are trouble free and last a long time. Cows that are long lived, productive and fertile continue to drive profitability. **Maternal efficiency doesn't happen by chance, it needs to be selected for through predictable pedigrees, phenotype and actual production.** By blending together maternal lines that have proven to outperform others in our environment with sire lines that bring the power, performance and phenotype we have put together cattle that have topped the special feeder calf sales and video markets for years. We consider this offering our best yet, with the highest concentration of predictable performance cattle from outstanding maternal lines built on reputation and integrity.

Maternal Efficiency • **LONGEVITY** • *Weaned Calf Value*

Lot 112 • Bruin 5261 Torque 8611

Bruin Torque 5261

Bruin Ranch raised and owned sire with Strommen Ranch and Upchurch Brothers

Torque has become a household name in the Angus business for breeders seeking foot quality, docility, length of body and maternal efficiency. He is the logical choice for passing on an intensely bred Right Time pedigree in a modern performance package. The response from purebred breeders has been outstanding and many who have early calves are coming back as repeat customers.

Lot 117 • Bruin 5261 Torque 8410

LD Capitalist 316 - 316 burst onto the Angus scene with his incredible run of calf data and phenotype that was second-to-none. In person, he is an absolute powerhouse sporting incredible foot shape, structure and muscle pattern and presence. The data that 316 combines with his phenotype proves him to be a no-miss heifer bull. The heifer mates to these bulls are absolute stunners and early daughters show exceptional udder quality.

Lot 128 is a phenotypic standout and performance powerhouse. His dam is a beautifully made Uproar 6 year old with power, femininity and outstanding structure. When we decided to use Colonel, we wanted to offer a handful of carcass and terminal merit bulls. We used him on some of our nicest made cows that had outstanding structure and functionality. Lot 128 is a definite head turner.

We use EPD's and genomics as tools to
COMPLIMENT, not replace,
phenotype and actual production.

Lots 135 and 136 - These two bulls ended up gaining differently but being full brothers in blood and out of two cows that are nearly identical flush sisters. This pair has been ranch standouts and favorites from the time they were a couple months old. They are noticeably docile, easy going and their mothers represent some of the best our program has to offer. Specifically at 8 years old, 2346 is one of the senior maternal sisters to Torque and Uproar and we expect her to remain an important part of our program for years to come

Barstow Bankroll B73 -
We are always searching for a different bred calving ease bull and B73 surfaced as a sire with some birth to yearling spread and some proof. His data continues to improve with every calf crop. These bulls are on the larger end of the spectrum but have matured into thick, heavy weighing cattle.

Lot 144 • Bruin B73 Bankroll 8397

SAV Prosperity 9131-

Prosperity has surfaced as a dominant pathfinder sire through actual data by producing daughters and real proof. In 2016 alone, we were able to evaluate nearly 1200 sons and daughters. The sons are fantastic in their foot shape and heel depth, long spined and big topped. The daughters are beautiful fronted, angular females with pathfinder type milking ability, picture perfect udders and nice dispositions. In his three-generation pedigree, Prosperity is one of the few animals to be found in the entire Angus population with eleven out of fourteen pathfinder ancestors. We have invested a substantial amount of time, money and our very best cows to bring this deceased sire into our operation and are excited for the females to come into production.

Putting together a pedigree is one of the **MOST IMPORTANT THINGS** *we do* at **breeding time**. These Prosperity sons blend together *the best of our program* with the most prolific of SAV to produce **ROCK SOLID FEMALE MAKERS** that *mash down the scales.*"

SAV Raindance 6848-

This maternal brother to Resource and Recharge excels the breed in length, style and presence. The bulls are long, thick and are loaded with feedlot performance and gain potential. The females are smooth made, fancy fronted and long and level hiped. The replacement heifers are absolute head-turners, possessing the depth of body, broodiness and femininity that made the Angus breed relevant to the commercial producer. Raindance was mostly used on our deeper thicker made donor cows to add length and extension, these sons should produce the kind of daughters that work well in our environment and steer calves that push down the scales.

Headlined by Gifted 9233, this set of bulls are a different pedigree twist for the west coast and can almost be used on anything as complete outcrosses. If you appreciate length, eye appeal and weight at weaning time, these bulls should rise to the top of your list. Their dam is one of the most unique sisters to Bruin Titanium 6261, and a favorite to anyone who has come to visit.

Bruin Envy 7248 - Envy's pedigree is a walk through history of maternal greatness. If you look at his 3-generation stack it represents the best individuals ever raised in some of the most time-tested programs in Angus history. His dam has a model udder, beautiful front end, is wide and deep from every angle. Envy's own type is unmatched with true Angus-breed character and performance. He was a standout from birth and excelled his contemporaries at every stage of production, and is the favorite turnout sire at Bruin Ranch. His first calf crop came with modest birth weights, above average growth and breed leveling phenotype and docility. After sampling Envy the past two seasons, expect him to have a major impact in the Bruin Ranch program for years to come.

Miss Charlo 2074 • Dam of Lots 173-177

2074 was brought into our program to offer a fresh outcross to the Blackbird female line. While she maintains our type and kind, her own production and pedigree offers tried and true maternal value for our operation. The consistency of these bulls is remarkable and will work as an outcross on nearly anything that has been purchased through our sale before.

Taylor Curran, checking pairs in the calving pasture.

DIVERSE & UNIQUE ENVIRONMENTS

*For a cowherd to be **profitable** and **problem-free**, selection pressure must be placed on bulls that are from females developed to **thrive** in that environment.*

Diverse and unique environments require breeding philosophy specific to that environment. The primary **profit driver** in a commercial cow/calf operation is **COWHERD RETENTION**. By paying close attention to **maternal lines** that are developed to have **longevity**, much of the cull rate can be minimized. For a cowherd to be **profitable** and **problem-free**, selection pressure must be placed on bulls that are from females developed to **thrive** in that environment.

This is one of my favorite heifers in the entire calf crop, her mother is ideal for our operation: moderate, thick, docile and perfect uddered. She would not be offered but she carries too much white, registration papers not available.

This second generation Blackbird is from the most powerfully constructed cow on the ranch. Her dam is incredibly stout made, big hiped, deep bodied and stands on a perfect hoof. Plan to see more from 6223 in the future.

Another high ratioing heifer out of an 11 year old Pendleton Daughter. Weaning ratio 108. This heifer was a person favorite all year of one of our Interns.

At the end of the day, a bull's
TRUE LEGACY is the
females **he leaves behind.**
